### **\*What is Premium Ground Chuck?\***

Premium Ground Chuck is the foundation of the burger that builds America. Unlike the ground chuck you've had in the past, when we grind our chuck Fresh at The Factory, we don't carve out the quality cuts that are customarily sold separately as Chuck Roast. That's the best part! Why would we give it to anyone but our valued co-workers? That's right. I said co-workers, which is what you are, because we are all working together to build this great country. And that is why, when you fuel your hard working muscles and minds with our Premium Ground Chuck you are making it
